Section 10

In this section

- Forms (again)
- Redux (again)
- DaisyUI components
- Updating in Firestore
- Photo upload (deferred)

The goal of this section

Summary

In this section

- Forms (again)
- Redux (again)
- DaisyUI components
- Updating in Firestore
- Photo upload (deferred)

**Can we use Cloudinary to store photos
- its free!**

Yes. But not securely.

We would need a “back end” to sign the upload

Can do this with cloud functions... but need billable account to do so

Photo upload will be covered as optional content after main course
